

Hello everyone,

Today marks a special milestone for us at Sustainedge as **we celebrate our first anniversary!** In just one year, we have made incredible strides - publishing insightful blogs across various thematic areas, securing five impactful research projects, developing and publishing a comprehensive toolkit on City Development Action Plan, and building partnerships with organizations focused on gender equality and women's empowerment. This toolkit is a key resource to support practitioners and local governments in shaping sustainable cities, and we are proud to share this achievement.

Our efforts are focused on creating sustainable solutions that address real-world challenges, from urban development to climate resilience, gender equality and social development, and energy management. We believe that inclusive growth is the key to long-lasting sustainability, and we continue to champion gender-responsive strategies and social inclusion in all our work. Every achievement we have made is a step toward building a sustainable future for all, and we are excited about what lies ahead.

As we continue this journey, stay tuned for more updates in the coming days and years. We look forward to driving more innovations, growing stronger together, and making an even bigger impact.

Thank you for being a part of our success. Here is to many more years of growth and collaboration!

Happy birthday, Sustainedge!

Md. Mamunur Rashid
Managing Director
